

UT-LS15-US

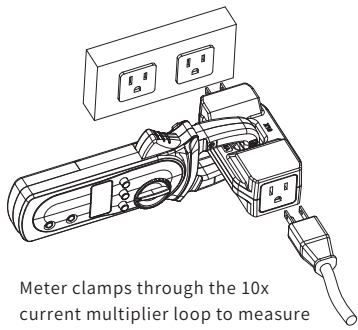

AC Line Splitter

The line splitter provides a safe and simple solution for measuring AC current of appliances and other electrical devices

● UT-LS15-US

- Max 15A load current
- Split current is magnified 10X for more precise measurement
- Can be used with most clamp meters on the market
- Uses American standard 3-pin plug (Type B)

Meter clamps through the 10x current multiplier loop to measure current without splitting the AC line

SPECIFICATION	
Certificates	RoHS, cETLus
Voltage rating	125V AC
AC current (Max)	15A
Frequency response	45Hz~400Hz
Current amplification	×10
Working temperature	0°C~50°C (32°F~122°F)
Storage temperature	-20°C~60°C (-4°F~140°F)
Humidity (RH)	Max 80% up to 31°C (87°F); 50% at 40°C (104°F)
Altitude	2000 meters (7000 feet) max
Safety rating	CAT III 300V
Drop test	1m
GENERAL CHARACTERISTICS	
Product net weight	119.5g
Product size	123.7mm x 58mm x 40mm
Standard individual packing	Gift box, English manual
Standard quantity per carton	60pcs
Standard carton measurement	395mm x 220mm x 260mm
Standard carton gross weight	11kg

DIGITAL MULTIMETERS

Digital multimeter is a must-have tool for professional electrical engineers, electrical technicians and electronics engineers. Multimeters are tools used to detect and troubleshoot electrical and electronic devices. UNI-T's wide range of multimeter selection guarantees that you can find the most suitable multimeter within your budget that satisfies your needs.
